

Olympia Community School

Tour Information

We invite you to join us in a tour of our school. OCS believes that a visit to the school will provide a better understanding of how our philosophy matches your goals and intentions for educating your child.

During your visit here, we ask that you adhere to a few guidelines in order to minimize any disruption in the classroom and to safeguard the students' learning time.

- ◆ To arrange a tour, contact your Enrollment Coordinator by calling (360) 866-8047 or e-mail us at ocsenrollment@olympiacommunityschool.org. Tours are currently scheduled on Monday, Tuesday, Wednesday, and Thursday mornings for ***one hour only, usually from 9:30 to 10:30.***
- ◆ In order for our teachers to assess your child's developmental readiness for our program, all prospective students must attend the tour and are encouraged to participate in classroom activities. Adults are welcome to *quietly* observe. To ensure our optimal learning environment, these visits are limited to two adults and the prospective student.
- ◆ The teachers are not available to answer questions during the school day as they are occupied with students and classroom instruction. For this reason, we ask that you direct your questions to the Enrollment Coordinator.
- ◆ If you are unable to keep your scheduled appointment time, please contact your Enrollment Coordinator at least 24 hours in advance.
