

Frequently Asked Questions

OCS Summer Camp

How early can I drop my kid off in the morning?

Drop off starts at 8:45. Kids cannot be dropped off before then.

How late can I pick my kid up?

Camp goes until 4:30. Please try to pick up by then so staff can close down the school and go home.

The camp phone number is a good way to reach the staff if you're running late.

What is the camper to adult ratio?

We always have 2 adults working and supervising kids at all time. When our numbers go over 14, we typically staff another 1 or 2 adults to help with lunches and with supervision during mid day camping activities. There will typically be 3-4 adults working during most of the camp day.

How big are your camps?

We try to keep camp numbers lower so that the ratio doesn't feel overwhelming for anyone! We usually will cap out at 22 kids per week during the Summer.
